WEIGHTED GRADES

This policy rewards students for taking more advanced courses by providing up to two additional quality points towards a student's grade point average (GPA).

A student's GPA is calculated by multiplying the number of units times 4 quality points for an A, 3 for a B, 2 for a C, 1 for a D or 0 for a F; adding the number of points produced; and dividing the sum by the number of units attempted. Under the plan for weighting grades in Honors, CCP, or Advanced courses, students would receive 5 quality points for an A, 4 for a B, 3 for a C, 2 for a D, and 0 for a F. Hence, a B in a weighted course would be equal to an A in a non-weighted course, and so forth. A 6 point scale is used for Advanced Placement classes.

Courses receiving five point designation:

- *Honors English I, II, III, IV
- *Intro to Language., Intro to Lit.-Analysis
- *Honors Geometry/Math II, Honors Algebra II/Math III, Pre-Calculus
