** Course descriptions are included in our Program of Studies.*

**Rising-sophomores must have a 3.5+ GPA.
Rising-juniors / seniors must have a 3.0+ GPA.**

- ❖ NCVPS courses are offered online to supplement PHS electives and follow their own calendar (i.e., students may need to log in when we do not have school).
- ❖ Students statewide are enrolled, so, availability may be limited.
- ❖ Comfort with a computer, the ability to learn independently, written communication and academic integrity are important. Therefore, poor performance or cheating may result in ineligibility for future online courses.
- ❖ There are no prerequisites unless noted. It is recommended that students take our French or Spanish face-to-face before a language online.
- ❖ Students enrolled in an AP course will take the national AP exam. Colleges independently decide to award credit (and how much) based on the exam score. Students can find a university's AP policy on its website.

Student's First & Last Name: _____ Current Grade Level: _____

Student's Preferred Email Address: _____

Parent's Signature: _____ Parent's Phone #: _____

Parent's Email Address: _____

*I request that the following NCVPS course(s) be one or more of my eight **primary** selections.*

*I request the following NCVPS course be an **alternate** selection.*
