

Learning Launch Days

Pisgah High School will have Learning Launch days for the first week of school, August 17- August 21st, for all students. This plan will allow students to come to school in small groups during their designated day based on the first letter of their last name (see below). Relationships are critical to a successful learning environment. During these days, teachers will get the opportunity to walk students through their syllabus, how to access their google classroom, establish expectations, and create those critical relationships. ALL students will be expected to participate in Learning Launch Days either face-to-face on their designated day or the digital launch day. Bus transportation will not be available for these days, but breakfast and lunch will be provided to students.

Dates: August 17th- August 21st

- Last Name A-F: Monday, August 17th
- Last Name G-L: Tuesday, August 18th
- Last Name M-R: Wednesday, August 19th
- Last Name S-Z: Thursday, August 20th
- Digital Launch Day: Friday, August 21st (All students who were unable to attend their launch day due to transportation and/or are choosing to learn digitally at the time.)
